THE HICKMAN OUTRAGE

OUR GOVERNORS.

THE HORRORS THEY RIDE.

Our Kentucky candidates for Governor are warning things up, and as between Buckner and Harris it has become a sharp personal. Harris accuses Buckner of never voting the Democratic ticket, and by reason of his large property interests being particularly more of a victim of Illinois than of Kentucky; and Buckner's friends resort to charging Harris with having at times voted the Republican ticket.

Each of the five candidates are riding a lonely horse, that they, their friends, rather, expect, will win the Constitutional chair.

General Buckner's hobby is his "record as a Confederate soldier," or rather that is the hobby, which his friends expect to secure his election. He is said to have a clear head, cultured, intelligent, cultured old gentleman, with splendid business and executive ability. He never sold any kind of civil war, and is therefore said to be without civil experience.

Harris is a politician who has been a State Senator, considerable experience, personally popular, and his hobby is "opposition to the new revenue law." His only claim to oratory is that he can make a better speech than General Buckner. He will be the man who gets the nomination, and may win; but if he fails, his ambition will be full if he prevails General Buckner from running.

Mr. Berry is a lawyer, has large experience in civil affairs, but has the almost universal reputation of being a "strong" man. His hobby is the "Bill of Rights," which he favors, and "the people's rights," which he hates.

Holla is a lawyer, of fine ability, the best political debater in the field, and a great favorite in Western Kentucky. His hobby is a "Constitutional Convention," and

"Judge" Hunt is a lawyer, has large civil experience, is the superior of the other candidates in political opinion and manager, and has a disarming record as John Morgan's chief lieutenant in his campaign. If a compromise man takes the honor, Hunt's chances are good.

30,000 STRONG.

Mr. Fox, the Publisher and Editor of the Government Kentucky, said last week at the next August election of "Commonwealth."

Bah! There may be, and perhaps are, 30,000 prohibition voters in Kentucky, and on the other hand, there might be half a million of the temperance party. There are thousands of good men and women unwilling to sever their connection with old parties, to help a new party, to support an idea and engineered to suit the ambition of a few. Wherever the prohibitionists have won, in the South it has been by making a clean slate at a separate election, and not arising the temperance party to a side show to old parties. In Kentucky the Foxes, the Bums, and the other Republican party.

The strongest point of Mr. Sherman's speech was his bid for the negro vote of "Paducah News."

Well, my dear Sir, Mr. Sherman is the brainiest leader in the Republican party, and he knows that in point of fact and numbers that the Republican party in the South is composed of negroes, and not of a Presidential candidate in "bits for the negro vote." To be sure there are clever, respectable white men who yet adhere to that party in the South, but they are a few in number compared to the negro Republican vote, that they are powerless, and Mr. Sherman knows this.

MR. BLAINE

is now booked for a trip through the Southern States, to visit the Sherman campaign tour.

COL TURNER'S IMPROVEMENT

Thompson (Ky. Louisville Post).

The Hon. Oscar Turner, Mr. Turner and Oscar Turner, are among the guests at the Percy Woods. Mr. Turner came here about six weeks ago, and is now, from alive, to today he is up and around the hotel, a new man in every sense of the word, and proving every minute, Dr. Hopkins believe that he will be able to lead Mr. Turner to a good health as he has been at any time for the past two years.

PRESIDENT CLEVELAND HAS APPOINTED

30,000 Democrats to office in the two years of his administration and the Charleston News says that even Andrew Jackson could not have done better than that.

PREVAILING PROSPERITY.

The United States is just now enjoying an era of prosperity, in some sections "boom," in the general country an even, regular "good times," and the evidence of this prosperity is so universal that it locally or even generally is not to be observed. It is seen in the fact that the country is not in a state of depression, but in a state of general prosperity. It is seen in the fact that the country is not in a state of depression, but in a state of general prosperity. It is seen in the fact that the country is not in a state of depression, but in a state of general prosperity.

REVOLVING NEGROES

THE COLORED DEMOCRATS.

President Cleveland has made a wonderfully favorable impression on the minds of the most intelligent and intelligent of the colored men, and a National convention of colored people who are willing to free themselves from the Republican party, is called to meet in Washington City, in June. The Hickman OUTRAGE has not such forth in any considerable number of colored men voting the Democratic ticket, for a fact. The Democratic party in the South, the negro party, and the colored men that there are so few white men in the South, who are willing to be controlled by wherever they choose to do so, and who are willing to be controlled by wherever they choose to do so.
